- Strong Workforce Workgroup 1b – *Work facilitated by WestEd*
  - Presentation – 30 mins
    - Purpose and goals of the project
    - Key definitions
      1. Workforce Preparation
      2. Occupational skills
      3. Credentials
    - Process and plan for mapping and coding
  - Breakout 1 – Defining courses, programs, and occupations (participants can choose to health, business, or production occupations)
    - Breakout – 15 mins
    - Report out – 5 mins
    - **Takeaways-** San Diego wondering where to fit in Auto program, TOP Code can be limiting in cross-functionality, great resource for potential students and sites supporting one another, some updates to be made to list, possible pathways emerging, pathways don't necessarily match student reality, occupational crossover observed between skills-building and credentialing, classes can be clustered or stand-alone
  - Breakout 2 – Reflection by Consortia
    - Breakout – 10 minutes
    - Report out – 10 mins
    - **Takeaways-** Although San Diego has no adult school CTE classes, they are still participating, potential challenges for North County might be bringing knowledgeable parties together and prioritizing effort, additional challenge may be to prepare for meeting and have some context to come informed
  - Homework and next steps – 5 mins
    - Consensus seems that third week of January would be best for "Train the Trainer" event for most
    - May need to add a second event in February
- Super Region Reports/Updates
  - Discussion about a process for letters of support will occur at next Super Region meeting
- Next meeting
  - January 12, 2021
